CONTINUOUS CORD SYSTEM

Easy Rise/Slide Winder System

Please note: This is a tension based system. Shades must not rest on surface when lowered.

This is an alternate cording system which eliminates the need for a wall cleat and also works as a cord lock.

Please note: to accommodate this system, the depth of the headerboard must be increased to 2 1/4" deep, minimum shade width is 20", and maximum shade width is 120".
