

CAROL'S ROMAN SHADES

SAFETY STANDARDS

 WARNING	 ADVERTENCIA
 Cords on window covering products present a potential strangulation hazard.	 Las cuerdas y cadenas y persianas presentan un peligro de estrangulación.
 For child safety, consider cordless alternatives or products with inaccessible cords.	 Para la seguridad de los niños, considere alternativas sin cuerdas o productos con cuerdas y cadenas inaccesibles.
SAFLAB-3 04/2013 ANSI/ WCMA 5.1.4	SAFLAB-3 04/2013 ANSI/ WCMA 5.1.4

In 2015, the **Window Covering Manufacturers Association (WCMA)** introduced the industry's first, 3rd party certification program designed to help consumers and retailers identify window coverings best suited for homes with young children.

SAFETY RULES

- Install only cordless window covering in children's sleeping areas.
- Move all cribs, beds, furniture and toys away from windows, and window coverings with cords – or replace with cordless versions.
- Keep all window pull cords and inner lift cords out of reach of children.
- Secure tasseled pull cord and inner lift cords.
- Ensure all continuous loop cords are permanently anchored to floor or wall.
- Ensure all cord stops are properly installed and adjusted to limit movement of inner lift cords.
- Lock cords into position whenever shades are lowered, including when resting on window sill.
- Never mount products with accessible back cords within reach of children
- Replace window blinds, corded shades and draperies manufactured prior to 2001 with today's safer products.

As part of compliance with WCMA's child safety standards, all **Carol's Roman Shades** are delivered with appropriate safety and warning labels in accordance with the latest **Consumer Product Safety Council** and the **Window Covering Manufacturers Association**. We also offer cordless and motorized window treatments for enhanced safety.
